- **Emergency Preparedness for Children with Special Needs**

*\*Please note that attendees must attend all six hours in order to receive the completion certificate needed for licensing training hours.*

### **When:**

.....

### **Where:**

.....

#### **Speaker Bios:**

**Jean Paulsel, Ph.D.** is an Associate Professor and Extension Specialist in the Texas A&M AgriLife Extension Service's Family Development and Resource Management unit. Many years ago, she was a County Extension Agent in Wichita and Parker Counties. In between her times with Extension, Dr. Paulsel has had many years' experience in the area of early childhood, including time spent as a kindergarten teacher, administrator of Head Start programs, and university professor. In addition to her work with young children, Dr. Paulsel has personal experience, being the mother/stepmother of six and Grammy to nine. She is delighted to interact with her favorite audience...people who love children.

**Rebecca B. Dunn, LMSW** is an Extension Program Specialist II in the Texas A&M AgriLife Extension Service's Family Development and Resource Management unit. Rebecca has worked in early childhood education for over 10 years, with an emphasis in challenging behavior. As a licensed social worker, Rebecca's approach is to treat all areas of a child's life, not just the behavior. While Rebecca's passion lies in working directly with young children, she has found renewed enjoyment in traveling throughout the state of Texas and meeting with child care teachers and directors, discovering ways to continually improve upon the way we serve our most precious assets.
